

# E-VERIFY INTEGRATION

Having to verify employee eligibility can feel like a hassle, but with Avionté's Paperless Mobile Onboarding solution, it doesn't have to be! With Avionté, you can leverage a streamlined process that allows you to easily verify employee eligibility in the United States.

## INTEGRATED DIRECTLY IN YOUR ONBOARDING

As a part of Avionté's Paperless Mobile Onboarding solution, you can quickly determine the eligibility of your employees after a Federal I-9 is completed by your talent. This is directly integrated with the I-9 E-Signature Document powered by Adobe Sign so that recruiters know when an I-9 has been completed and can create an E-Verify case.

## SIMPLE & STREAMLINED PROCESS TO MAXIMIZE EFFICIENCY

Once employee eligibility information is electronically matched against records available to the Social Security Administration (SSA) and Department of Homeland Security (DHS), your organization will have access to the results to keep the onboarding process moving smoothly.

## COMPLIANCE MADE EASY

By having a quick and easy way to check on employee eligibility directly within the Recruiter Module through E-Verify, you can feel confident you are compliant with the law. In most E-Verify cases, you will get results in a matter of seconds, ensuring you keep a smooth, streamlined onboarding process to place talent faster.
